**Subject:** Variance found in DN 2020-5-G  
**Attachments:** B-1 DESC Gas - PGA Tariff Check Spreadsheet 2020-5-G.pdf

To Chad Burgess and Matt Gissendanner:

With regard to Commission Staff's examination of the DESC PGA adjustment for February, it appears that there is a small variance of \$0.0004 per Dekatherm for Rate 34 – Large General Service and Rate 35 – Transportation & Standby. Staff was able to reconcile these differences when Rate 34 was included in the Rider to Rates 31, 32V, 32S, 33 & 34 - Service for Air Conditioning included Rate 34, but this rate was removed as a result of rates approved in the RSA for November 2020. Tariff 34 and 35 variances started to occur after the RSA removed rate 34 from the rider. Please see worksheet. Could Dominion please provide an explanation or reconciliation for this variance? Please see attached spreadsheet.

Thanks,

David Butler
